

Dear Parent,

I am delighted to be able to write to you about the exciting launch of the Paultons Junior Golf Pathway. This new initiative represents the new junior structure for Paultons GC, whereby we are proud to provide a pathway programme catering for everyone, from total beginner to established golfer.

The scheme will introduce or improve the diverse range of skills required to become a successful player through the use of different attainment levels. These will be achieved via skills tests and individual goal setting, as well as

scoring ability on the Academy Course and, when appropriate, the Championship Course.

How long is the pathway?

Improvement and enjoyment go hand in hand and so, to ensure your child is able to learn at their own pace, there is no set time. It is essential that, first and foremost, golf is fun and putting a junior player under pressure to perform and develop at a speed outside of their comfort zone, risks putting them off the game, as opposed to creating enthusiasm. We would like all juniors coming through the pathway to be the best they can be and we believe that this can only be achieved at their own pace (with a little drive from the PGA Professionals, of course!).

When will the coaching take place?

The pathway sessions will take place during term times, with added instruction during the school holidays. The initial coaching will be delivered at the weekends but midweek sessions may be added at a later date or upon request.

How does the pathway work?

We have 4 levels of achievement. These are:

- Beginner (green)**
- Novice (blue)**
- Established (red)**
- Accomplished (gold)**

Within each level your child will learn about the golfing basics, their development of those skills, and build an understanding of their own golf swing. Once these skills are mastered the aim will be to develop the power game - the most important part of the long game.

Short game skills will also be developed, as well as an understanding of the importance of this part of the game, especially how it can make or break a round of golf.

Finally, all of these new skills and knowledge will be put into action on the course and your child will be taught how to score as they play a round.

At each level your child will be tested with certain challenges and skills tests which they will be required to pass before progressing to the next level.

What skills are covered?

All of the following skills will be taught from beginner to accomplished levels:

- Aim & grip
- Posture & alignment
- Backswing
- Rotation & balance
- Forward swing
- Putting
- Chipping
- Pitching
- Bunker play
- Driving
- Course management

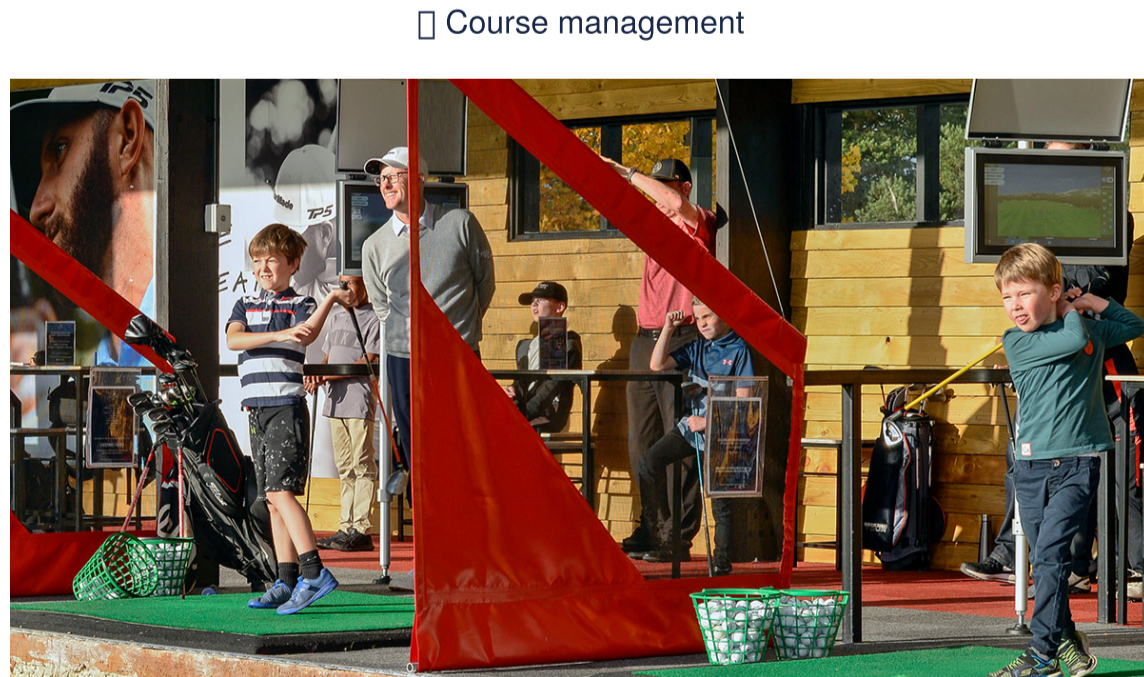

How much does it cost?

The annual fee is £400 or £37.50 per month, (min. 12 months) per child.

This includes:

- o 32 weeks of term time coaching (commencing 4th September). Junior golfers can join at anytime, once an assessment has been made.*
- o Use of the Academy Course*
- o Ability to hold a handicap on the Academy Course*
- o Monthly competitions*
- o 20% discount on all holiday coaching*
- o 20% discount on 1-2-1 lessons with any of the golf team*
- o 10% discount off all junior golf retail purchases*

I very much hope you are excited as we are at this new opportunity for your child. Wherever they may be on their golfing journey there is a place in the

pathway for them to improve their game and hone their skills with a structure designed to provide great results.

To sign up to the Paultons Junior Golf Pathway, please simply **choose from the payment options below.**

I look forward to welcoming you to Paultons Golf Centre very soon.
